

SAVA Center

The Sexual Assault Victim Advocate Center provides crisis intervention, advocacy, and counseling for all those affected by sexual violence in Northern Colorado while also providing prevention programs through community outreach and education.

When FCPHA decided to add the Colorado Women's Pond Hockey Classic to its offering of events for 2017, organizers of that tournament and their participants felt strongly that raising money for SAVA was a deeply meaningful way to give back to the community.

Each year, SAVA provides confidential support to over 1,000 community members and over 9,000 students. These are truly extraordinary numbers which describe the extraordinary need for these services.

The statistics truly say it all and prompt us to act now in support of this valuable northern Colorado program. In Colorado, 1 in 3 women; 1 in 3 men; and 1 in 2 transgender individuals will experience an attempted or completed sexual assault in their lifetime.
